

Los Angeles 311

Homeless Encampment Analysis

Reported Homeless Encampments

Year	# of Tickets	YoY Δ
2017	25,601	76.40%
2018	39,924	55.95%
2019	52,947	32.62%
Total	118,472	

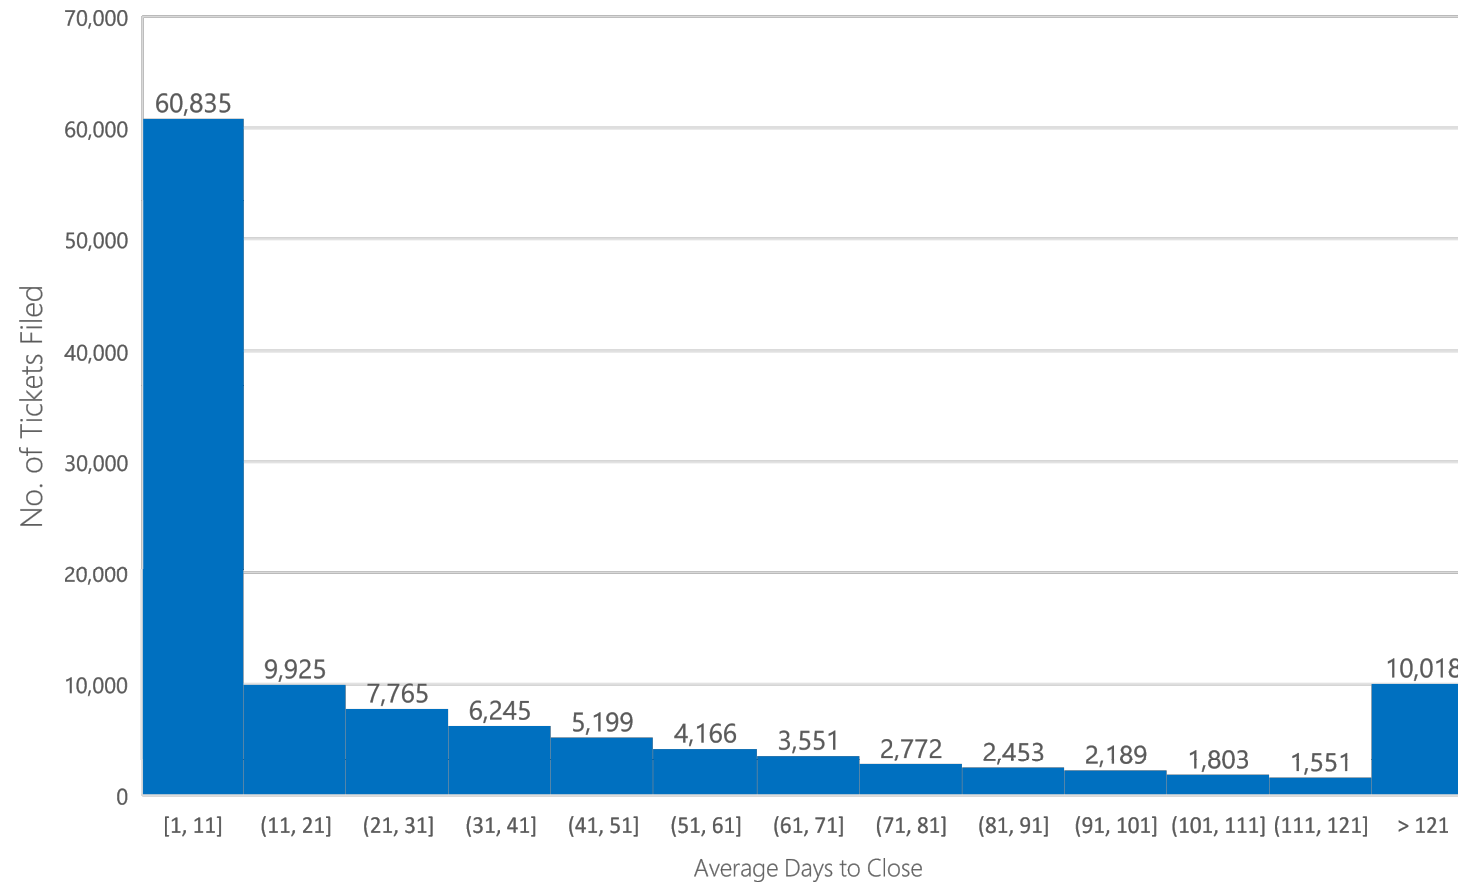

Hypothesis

When looking to allocate resources to fight homelessness, we might discover that there are certain police precincts who are struggling with the amount of reported 311 tickets as well as the total time to close them out.

Precinct Analysis

Precinct Analysis

Conclusions

The following five precincts could likely benefit the most from additional resources:

1. Newton
2. Rampart
3. Olympic
4. Hollenbeck
5. 77th Street

Even with the number of tickets on the rise, the average time to close them out has been cut by about 15 days within the last three years.
